**MISSION**

Our educational mission in the School of Arts is to prepare students not only to work but also to live with integrity and meaning. Through the arts, humanities, social sciences, and education, students are encouraged to develop a zest for intellectual challenges, a love of beauty, an awareness of their own culture and moral convictions, an understanding of self, empathy and compassion for others, an appreciation of cultural diversity, and a sense of their relationship with and responsibility to a larger community. These goals are sought within an atmosphere of free inquiry, dialogue, and interfaith concern.

The School of Arts is the heart of the educational experience at Christian Brothers University. Through courses taken in the School of Arts, majors from all four Schools develop broad general knowledge in the arts, humanities, and social sciences. They develop skills in different forms of inquiry, abstract logical thinking, and critical analysis. Studies in the School of Arts provide an array of opportunities for students to enhance their abilities to think, read, write, and speak while cultivating historical, ethical, religious, literary, and social scientific consciousness.

In choosing a major within the School of Arts, students join a particular intellectual community of learners and take part in its special way of exploring the world and the self, thereby preparing for a wide variety of educational and professional choices. All School of Arts majors take a variety of courses from across departmental disciplines selected for the purpose of providing breadth, depth, and richness to their educational experience.

All of the courses needed to obtain a degree in each major are specified within the course requirement presentations that follow.

THE SIX DEPARTMENTS WHICH COMPOSE THE SCHOOL OF ARTS ARE:

**BEHAVIORAL SCIENCES** which includes study in Psychology and Sociology as well as Anthropology and Criminal Justice. The department offers a B.A. degree in both Applied Psychology and Psychology and minors in Behavioral Sciences, Criminal Justice, Engineering Psychology, Gerontology, Psychology, and Sociology;

**EDUCATION** which includes undergraduate, post-baccalaureate, and graduate programs leading to licensure by the Tennessee Department of Education at both elementary and secondary levels. In conjunction with academic departments in the School of Arts and in the School of Sciences, the Department of Education prepares undergraduate students earning BS or BA degrees in a number of areas to meet teacher licensure requirements (See Page 56 for details);

**FINE ARTS AND SPEECH** which includes study in Art, Music, Speech, and Theatre. The department offers a B.F.A. in Studio Arts and minors in Art, Music Performance, and Theatre Arts. Courses are offered under the following headings: Art, Music, Speech, and Theater;

**HISTORY AND POLITICAL SCIENCE** which offers a major in History and minors in History, Political Science, and American Studies;

**LITERATURE AND LANGUAGES** which offers majors and minors in English, a major in

English for Corporate Communications, and minors in foreign language;

**RELIGION AND PHILOSOPHY** which offers courses under the headings of Humanities, Philosophy, and Religious Studies, and a program in Peace Studies. The Religion and Philosophy major combines core courses in Philosophy and Religious Studies.

The course of studies for each of the degrees offered within the School is designed to provide the student with opportunities to choose courses outside of his or her major either from among the many courses provided by the School of Arts or from among those provided by the other Schools. A faculty advisor is assigned to each student to assist in selecting courses and in shaping the total academic experience.

## **DEGREE REQUIREMENTS**

All students majoring in disciplines within the School of Arts are required to complete courses in the Liberal Arts Core. The purpose of the Liberal Arts Core is to provide a common background of knowledge in the humanities and social sciences which serves as a context for more specialized study in the individual major. The core is intended to provide exposure to the differing methods and modes of inquiry appropriate to various disciplines as well as to the assumptions upon which the disciplines are grounded, their knowledge claims, and their limitations. It seeks to provide opportunities for students to make conscious connections between specialized learning and basic human concerns and to build a durable foundation for lifelong learning.

Core courses seek the development of skills in different forms of inquiry, abstract logical thinking, critical analysis and informed judgement. Particular emphasis is placed on the development of the ability to bring what one has learned in one context to another, from one discipline to another, and from one community to another. These goals are sought within an atmosphere of free inquiry, dialogue, and interfaith concern.

Some majors may require specific courses (see following pages) to fulfill the Liberal Arts Core or the University General Education requirements (See Page 31). Students seeking Teacher Licensure must meet special requirements (See Page 55). The Liberal Arts Core requirements are as follows:

**FINE ARTS ELECTIVES** (3 hours)

Any course(s) in Art or Music, or THEA 115, 221, 315, or 317.

**FOREIGN LANGUAGE** (6-12 hours; see requirements for specific majors)

All hours must be in the same foreign language.

**HISTORY** (6-12 hours, depending on major)

When 12 hours are required, 6 must be American History, 6 in non-American History.

**HUMANITIES** (3 hours)

Humanities 150 or 160 (Honors) Perspectives on Public Life.

**LITERATURE** (hours vary)

Most Liberal Arts majors require 3 or more additional hours of literature beyond the 3-hour General Education requirement. ENG 221 and 222 are recommended in most cases; see course requirements for particular degrees.

**POLITICAL SCIENCE ELECTIVE** (3 hours)

May be replaced with elective hours if the student is pursuing a minor.

**PSYCHOLOGY OR SOCIOLOGY** (6 hours)

**SPEECH COMMUNICATION** (3 hours)

SPCH 125, or in some cases THEA 377. May be replaced with elective hours if the student is pursuing a minor.

At least half (50%) of the concentration requirements must be earned at Christian Brothers University and to fulfill residency requirements, 35 of the last 70 hours and at least 25% of total hours applied toward a degree must be earned at Christian Brothers University.

University Studies students must meet, in addition to meeting with their University Studies advisor in the GPS program, with an academic advisor in the School of Arts to plan their concentration and to begin planning for their Capstone Project. The Capstone Project is an interdisciplinary project and individual projects will vary greatly. This project must relate to the concentration around which the student has structured her/his degree. The academic advisor and/or director of the Capstone Project, as well as the student, will develop the plan for the project. The project could be a research and writing project, a relational database project, or an artistic project.

Experiential Learning Credit may be awarded for what a student has learned outside the traditional classroom. Credit can be received for learning, NOT simply experience. To receive ELC you must be a degree seeking, admitted student at CBU and you must have declared a concentration ('major'). ELC is NOT guaranteed and it is NOT calculated into a student's GPA. ELC CANNOT be substituted for General Education Requirements or other required classes. Evaluation of EL portfolios can be a lengthy process and it is, therefore, important for a student to submit their portfolios a minimum of two semesters before they plan to graduate. (See the CBU catalogue for a further description of ECL.)

<sup>1</sup> Language hours must be in the same language.

<sup>2</sup> At least 18 of the 36 hour concentration must be in an upper division course and, at least, three hours must be attempted in each of the disciplines of each concentration. Art, Music, and Theatre are considered one discipline.
